

ACTIVE SEASON PROMISED FOR CURLING CLUB

Membership Of Fifty Is Expected In Ranks During Coming Season

The Wainwright Curling Club expects to have a membership of not less than 50 members, twenty of whom will be new recruits to the ranks of "Besom and Stone". Work is now proceeding on the rinks and to-day finds the old saw-dust beds removed and replaced by a good foundation of cinders. Flooding will be commenced immediately the weather is favorable. The local club is now affiliated with the Alberta branch of the Royal Canadian Curling Club of Scotland which will permit its entry of rinks in big provincial and other "spels". It is expected that the membership fee this year will be \$5.00 per member.

COUNCIL OUTLINES NEW AGREEMENT FOR APPROVAL BY BAND

The payment of \$40 per month for a period of four months beginning November 15th for the services of the Wainwright Citizens' Band, the band to consist of at least 15 pieces, is the latest offer made by council to Wainwright's musical organization. It is expected that the offer will receive the early consideration of band members. The feeling of council is that no tentative agreement should be entered into at this time by the present administration of town affairs, of which the seats of three members automatically expire before the end of the year. This idea actuated council in its latest band agreement.

CITIZENS WANT TO RAISE COMPANY; SEND OFFER BY LETTERGRAM TO CRUIKSHANK WHO REPLIES, "CANNOT YET APPROVE"

"Cannot yet approve of recruiting at Wainwright". Such was the brief announcement that came from Col. Cruikshank, Commanding Military District No. 13, in reply to a communication sent to him by night lettergram on Monday. The communication to Col.

Cruikshank was from several Wainwright residents, who asked the possibilities for raising and training in Wainwright of a company of volunteers for overseas service.

The idea of the local people was to raise a platoon composed of local and district men and

to train them here so as to be in readiness for departure to other destinations in the spring. Those who are interested in the proposal believe that sufficient men could be raised to warrant their training in Wainwright in accordance with the scheme as outlined recently by the minister of militia.

RELIEF FOR SOLDIERS BEING CONSIDERED; MAYORS TO MEET

In view of the fact that Wainwright fraternal lodges are considering the matter of relief to returned soldiers, results of the preliminary meeting of the central committee, appointed by Premier Sifton, held in Calgary recently, will be of interest. The commission passed resolutions to the effect that all cities and towns and villages in the province should be asked to form reception committees to deal with returning soldiers; that the Dominion government should be asked to furnish full particulars regarding the men as they come in; that in filling all vacancies occurring in the civil service of the Dominion, or provinces, returned soldiers should have the preference; and that general meetings of the provincial mayors should be held at Calgary, November 24 and at Edmonton, November 25.

C. J. Knudson of Irma was a business visitor in Wainwright on Tuesday.

Prayer meeting will be held every Wednesday night in Grace Methodist church beginning at 8 o'clock.

An average crop of a little over 70 bushels of oats to the acre has been threshed from 40 acres on the farm of J. Marsh, S. E. 20, 44, 6. Mr. Marsh is at present in Cleveland, Ohio. He expects to return to Wainwright in February of next year.

The grain movement from Wainwright has been more pronounced during the past week than at any time since its commencement this year.

Letters written in the trenches by Gordon and Slim Newport have been received by Miss Lolo Mabey. Both report to be feeling in good health and spirits.

CHURCH TO HOLD CELEBRATION

St. Andrew's Presbyterian Church propose holding its Anniversary services on Sunday the 28th inst. This date being the nearest Sunday to St. Andrew's Day, which is the 30th of November. The anniversary services will be conducted by Rev. Thos. Murphy, B.A., pastor of the church, and there will be special music for the occasion.

On the following Wednesday, the ladies of the congregation will hold the annual supper in the Elite Theatre, to be followed by an entertainment appropriately Scottish in character. People of Wainwright are asked to bear these dates in mind. Further particulars will be announced later.

MUCH GRAIN UNTHRESHED

Considerable threshing is still to be done in the Wainwright district. At the present time, the Wood-Wainwright Company have in the neighborhood of 500 acres in stock. Dave Williams also has a considerable area in the same condition. Several weeks are expected to elapse before threshing is concluded.

DISTRICT BOYS ARE PROMOTED

Persons of Edgerton and district have received the news with pleasure of the promotion of A. T. Lindforth, to a lieutenant in the 51st Battalion of the C.E.F. Lieut. Lindforth who is a farmer of the Edgerton district, enlisted as a private.

Letter From Trenches Tells of Doings of Wainwright Soldiers

The following interesting letter written in France and dated Oct. 27th, has been received by The Star from Norman E. Cook, formerly of Wainwright and now of the 49th Battalion:

"We are back from the trenches in camp, two miles to the rear of the firing line. Have been here three days and don't know how soon we are to return. As a matter of fact, I would as soon be here as in the trenches for it is raining and has been for two days. Were it not for going in and coming out through the communication trenches, we would just as soon be in front of the Germans as where we are now.

"To-day the King is just a few miles away and 50 men from the battalion are representing the 19th battalion. The review and ceremonial of presenting V.C.'s and other decorations is taking place at—. Have been in the trenches for two reliefs of 48 hours each. The part of the line we are in is 170 yards from 'Fritz', as the old-timers call the German soldier. At times it was rather hot with shell fire, trench mortars, rifle grenades and machine gun fire.

"Shell fire is something to which very few get used. Even when the old batteries are holding down part of the line and shelling starts, they too, will make for the shell trench where danger is not so great from flying splinters of shrapnel. But not so with the machine

gun men—those on watch at the guns must stay there until their time is up and watch through the periscope for any signs of activity from Fritz's trench.

"Were it not for the censor, I could tell you certain incidents that might prove of interest.

PTE. NORMAN E. COOK

Have seen some thrilling experiences. We don't know how soon or when we will get hit. The older soldiers who have been here for months call a wound a 'blighty' meaning London, for toward that city their wounds usually take them.

"We are enjoying more comforts here than we ever expected. In the trenches we have dug-outs, into which we go for spasmodic sleeps between

CHRISTMAS ORDERS PLACED

You are invited to visit The Star office and make your selection from over 500 samples. Now

A kitchen shower was given at the home of Mrs. Lee Wells on Saturday afternoon and evening in honor of Miss Ideals Gregory, who will be married before the expiration of the present month. Among those present were the Misses Pecknold, The Misses M. and L. Mabey, Miss Hazel Brunken, Miss Vera Lampert and Miss Helen Mitchell.

CITIZENS' ASSOCIATION WILL PLACE THREE CANDIDATES IN FIELD

The councilmanic term of office of R. A. Snyder, A. E. Mills and Herb Smith will automatically expire this year and although talk is prevalent as to prospective candidates, no definite announcement has yet been made by any person signifying his willingness to run for honors. Questioned this morning, Messrs. Mills and Smith stated emphatically that they would not be in the field for re-election. R. A. Snyder had not given the matter much thought and could not give information either way.

P. E. Ross, president of the Wainwright Citizens' Association made the announcement that the association would place three candidates in the field and use every power toward their election. As to who these candidates would be Mr. Ross was not in a position to announce.

At last night's meeting of council, Sec-Treas. N. S. Kenney was appointed returning officer for the coming municipal fight. Nomination Day will be December 6th and Election Day December 13th. It is expected that the annual ratepayers' meeting will be held during the last week of the present month.

Orders have been placed with P. D. Laird & Sons, contractors, for immediate commencement for the installation of the town scales.

The Christmas Tree and Social in connection with Grace Methodist church Sunday school will be held in the church on Wednesday evening, Dec. 22nd.

At 9 o'clock on Friday morning, Miss V. V. Morton will open an unusual military sale in the Fraser store when hats of the latest creation will be sold at less than half price. Attention is directed to the ad appearing on the back page of this issue.

POSTMASTER GIVES DIRECTIONS REGARDING SOLDIERS' MAIL

The announcement is made by Postmaster McLeod that all parcels for soldiers in England or at the front must leave Wainwright before November 30th in order to reach their destination before Christmas. In every case, packages must carry a custom's declaration and in order that they may be transported and arrive in good condition, goods should be contained in a heavy card-board or wooden box. Tin boxes with round edges may also be used. They must be addressed to the Army Post Office, London, England, not to "Somewhere in France", as has been done in a number of cases.

RIGHT HONORABLE WINSTON CHURCHILL

Former First Lord of the Admiralty who has resigned from the Cabinet for active service in the field.

Mr. Fraser has been joined by his wife and family who arrived in Wainwright recently from Winnipeg. They have taken up residence over the Fraser store, Main street.

An institute meeting will be held in connection with the Wainwright Agricultural Society, in the town hall on Saturday afternoon, Nov. 27th. All persons interested in agriculture are invited to attend. D. W. Hansen secretary-treasurer.

GREEK SITUATION GROWING MORE SERIOUS DAILY

With the increasing gravity, from the allies viewpoint of the military situation in Serbia, the attitude of Greece towards the armies of the entente powers has become a matter of the deepest concern and an effort is being made to induce the Greek government to definitely state its intentions.

It is said that the presence at Salonika of a large number of French and British warships with transports has made some impression on King Constantine and his advisers. But with so much at stake, nothing short of a positive guarantee of the safety of the French, British and Siberian troops, should they be compelled by circumstances to retire into Greece, will satisfy London and Paris, the ministers of which capitals are being strongly supported by the Russian and Italian representatives. The presence of Lord Kitchen, the British secretary for war, in the Aegean, and of Denys Cochin, a member of the French cabinet at Athens, it is hoped, will help to clear

To stimulate interest among all residents of the Irma district in connection with the patriotic giving to the Canadian Patriotic Fund, a large meeting has been called and will be held in the Co-operative hall, Irma, on Monday evening next, November 22nd. The principal speaker will be John Blue, secretary of the Patriotic fund for Northern Alberta, who will give an address similar to the one delivered in Wainwright a few weeks ago. Mr. Blue is a good speaker and it is expected that many will take the advantage of hearing him. In addition, a musical program will be given.

Arrangements have now been made for the holding of a big patriotic meeting in the Autumn Leaf school-house on the evening of December 9th. Mr. A. E. Ottewill, who is taking great interest in patriotic work, will be in attendance as will also other speakers. At this meeting a full outline will be given as to the past work and future proposals of the Canadian Patriotic Fund. A large attendance is requested. A patriotic meeting will also be held in the Heather Bell school on the following evening.

HELP OF THE OVERSEAS EMPIRE IS BITTERLY DECRIED BY GERMANY

Some Silly Stories Regarding the British Fleet—Success of the Big War Loan is also a Subject for Sarcastic Comment
From the German Newspaper

No feature of the European war has been more galling to the German people than the magnificent manner in which British troops have been mobilized and automatically round the flag of their country. It will ever remain to their glory that they have been able to make such a declaration of war Australia, New Zealand, Canada, South Africa, India and the dominions of the British Empire. The empire were clamoring to send country to France to fight the old enemy. It was not until the 11th of November, fourteen months later, after the war had been in progress for more than a year, that the new warfare evolved by the satanic genius of the Hunns, their enthusiasm hurms and their fanaticism, have been met by more men, knowing full well what they have to face, are hastening across the sea to fight the Hunns.

Field No. 2 produced 3,800 pounds of cured red clover hay. The catch was a very even one, but the yield was reduced from the same cause as the alfalfa.

Field No. 3 was sown on summerfallow, and gave the magnificent yield of 67 to 70 pounds. This variety was Marquis. As the land was picked in the field, no sample should make excellent cuttings. The yield was the best in all the other demonstration farms.

French Organize Local Expositions

In many departments of France commercial expositions are being organized, says the *Figaro*, and in them will be shown the local products and industries and the possibilities of competing with German products in similar lines will be set forth. How to

light the Germans in trade and commerce is the main object, and arrangements are being made for sending French products into the markets of the world.

An "Anti-German" exposition at Perpignan, it is said, has been a great success. The French exhibits showing the manifold resources of the republic and giving an accurate idea of what can be done in the future.

THE PART OUR WOMEN ARE PLAYING

WHEN WE SIT DOWN AND THINK for a few minutes and our thoughts turn to the realities of war, its pains, its torments and its devastation, the mind gradually reverts to the women folk—the wives and mothers of our soldiers. We think of the pain and grief being borne by them as the result of the demands of war, and we realize, just a little, the part our brave women are playing in the great struggle. We must think their fight a great fight, one that surely equals that being fought by their men on the red battle line.

Indeed, the women are fighting in this great war. They are fighting the tormenting pain that separation brings, the agonizing grief that is so often brought to bear in the awful death-telling letters that briefly and silently unfold the truth that, "bravely he died in action." We can picture the grey-haired mother as she sits day after day thinking of the boy she nurtured in the days not long ago. But we cannot feel her pain as she sits waiting and hoping. Neither can we share her grief when that silent official note comes. This mother knows the pains of war; she knows war's demands.

And we can picture the young wife. She has not sent a son. Her husband has gone. As she sits by the window, we can hear her tender offspring—clinging to her side—inquiring about soldier daddy. But as in the case of the grey haired mother, we cannot fully imagine what war means to that young wife. We know it means pain, for suffering is written on every line of her face. We have no doubt that she is suffering. But we do not know how much and for how long for it's beyond our comprehension. What we do know, however, is that she is playing a woman's part in this great war. We know she has suffered and will continue to suffer—silently. This young wife, like her husband, is fighting for the allied cause. And the only difference between them is their battle ground. The husband is fighting his fight on crimson stained fields of France and Belgium. The wife is grimly fighting her fight within the confines of her own home.

A CALL OF DUTY--THAT'S ALL

IN THE COURSE OF THE NEXT FEW WEEKS an appeal will be made to the farmers of the Wainwright constituency for donations toward the Canadian Patriotic fund. This appeal will follow that made to residents of the town of Wainwright recently when all gave a sympathetic response by good contributions. In doing this, people of Wainwright realised, as we all must realise, that force of duty compelled them to contribute liberally and well—to this the greatest of all funds, The Canadian Patriotic Fund.

The appeal is not a charity appeal. A plain matter of duty confronts all residents of this fair constituency. This matter of duty constitutes the appeal and the appeal asks that all and sundry, rich and poor, high and low, do their level best to aid in the support of those who have been left without bread-winners as a result of the demands of war. To look after the dependents of our fighting men, to see that every reasonable need is met, is the duty of the citizens who remain at home.

The course open to us then is to do what we can; to give whatever aid may be expected of us. Thus, when farmers of this district receive the appeal to contribute to the Canadian Patriotic fund, the appeal in itself will be a call of duty. It will ask that support be given to a laudable phase of this our war—the keeping in comparative comfort of all those who have been left without fathers and husbands. Let us do what we can and let it not be said of us that we have shirked our duty.

THERE MIGHT HAVE BEEN A DIFFERENT TALE TO TELL

IF IT BE TRUE THAT A SECRET AGREEMENT exists between Bulgaria and Greece, by which Southern Albania goes to Greece, and the Northern part to Bulgaria, who also gets the greater part of Macedonia, then Constantine is tarred with the same stick as Ferdinand. Plausible as it seems, however, it is difficult to believe that such an agreement could be concluded without the avowed friends of the Entente Allies in Greece becoming acquainted with it, and denouncing it. Italy has her eyes on Albania and is perhaps prone to look upon Greece with suspicion on that account, but the distrust in France is not so easily accounted for. If Bulgaria had a King who was a Bulgar and Greece a King who was Greek, there would have been a different tale to tell of these countries.—Phoenix.

A PRETTY GOOD SORT

WHATEVER MAY BE SAID of Winston Churchill it must be admitted that he is a pretty good sort, and that covers a multitude of shortcomings. When he was sent down from a top notch in the cabinet to the lowest rung, despite the fact that it was largely because of his own efforts and vigorous policy that Britain was prepared to defend her shores when war broke out, he stuck by the ship. Now he retires, but in order to move over to France and take a hand at the fighting. He is a pretty good sort.—Albertan.

SOME CROP FIGURES

THE MOST STRIKING TESTIMONY as to the immensity of the yield is furnished by the Grain Growers' Guide. In past years that journal has had a great deal to say in denunciation of those who exaggerate the amount produced. It says quite rightly that it "has never been accused of boosting the crop yield," but after receiving reports from correspondents in all three provinces it puts the total for wheat at 341,589,635 bushels, that for oats at 330,157,002 and that for barley at 62,714,005. These surely constitute "some" returns.

Sunday school teachers met at the home of Mrs. W. Challenger last week to make preparation in connection with the forthcoming Christmas Tree and concert. It was decided that each teacher be made responsible for one or more items of the program from his or her class and that each teacher be requested to co-operate in the work of Rev. P. Halstead and A. King. The following Sunday school teachers and members will form the program committee: Mrs. P. Halstead, Mrs. P. Stratton, Mrs. G. L. Morrow, Mrs. W. Challenger, Mr. Finlayson and Mr. C. Wigley.

The band orchestra practised, for the first time, in the Milne Hall on Monday evening of last week and judging from the material at hand, expectations are that with careful practise, the town will have plenty of good music during the winter. Mr. C. Pangrove will manage the orchestra. Bandmaster Walrath is open for any engagement.

It is fully expected that the winter season will see many dances held in the Milne Hall.

A pleasant evening was spent on Thursday of last week by the Edgerton Oddfellows, when members were honored by a visit from Grand Master Cummings and Past Grand Tully. Refreshments were served during the evening.

At the sign of the Red Cross Edgerton Auxiliary, No. 513, per Mrs. James Milne—returned work includes 36 bandages, 18 straight bandages, 6 suits of pyjamas and 6 bed jackets.

Grain is still on the move with the result that business has received the much needed stimulant.

Miss G. E. White returned from a short visit to Edmonton on Thursday last.

The rather unexpected snow fall of this week has put a "damper" on threshing operations.

Mr. L. Ledue is shipping grain this week.

Mr. I. Stouffer has been helping the Patterson Bros. load another car.

Rev. Murphy preached to a full house last Sabbath.

For the purpose of conducting organization, a meeting of Wainwright hockey fans will be held in the Star office this Wednesday evening beginning at 8 o'clock. A full attendance of all interested is requested.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years renewable for a further term of 21 years at an annual rental of \$1 an acre. Not more than 2,500 acres will be leased to one applicant.

Application for a lease must be made to the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated. In approved territory, the land must be described by sections or least sub-divisions of sections, and in unapproved territory, the tract applied for shall be stated out by the applicant himself.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available, but not otherwise. A receipt shall be paid on the merchantable output of the mine of the rate of five cents per ton.

The return operating the mine shall furnish the Agent with some return, accounting for the total quantity of merchantable coal mined and pay the royalty thereon. If the coal-mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, including the right of a 15' tunnel to be opened by 15th June, 1916.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

Battle in the Air

British Aviator, on First Trip Across

Channel, Engages in Fight in

Clouds With Taube

Crossing from Salisbury Plain to

join the British forces in France, an

aviator, on his first trip across the

Channel, describes a "battle"

between him and a German Taube

which he brought to earth.

For a time they were lost in the

clouds, when the Taube suddenly

appeared above the horizon, and

though they could not see the Taube

of a biplane on their horizon below.

Just as suddenly as they found them-

selves enveloped in the cloud bank

they burst into dazzling sunlight. Then

the writer proceeds:

"As we cleared we were astonished

to note that we were hardly two

hundred feet above another aero-

plane, which was following approxi-

mately the same course. The Taube

slipping side planes, the double under-

carriage and the ominous cross-

barred tail, the German aviator

seemed to be a "Taube" of the

type which was used by the

German machine gun on him. My pilot

stood our machine on the very tip

of the nose, and the German

machine gun was obviously aimed

at us. For a few seconds the

Taube went into what was almost a

loop and made for the clouds

below."

"We had now been in the air for

about half an hour, and the

pilot showed some anxiety about

the petrol supply. He advised close

formation flying, and the Taube

must have been in an extreme de-

gree, because in an instant we met

the Taube in the clouds, and it

seemed to be a "Taube" of the

type which was used by the

German machine gun on him. My pilot

stood our machine on the very tip

of the nose, and the German

machine gun was obviously aimed

More Cattle are Needed Than Wheat

Farmers Should Avoid Devoting

Themselves Too Exclusively to the

Cultivation of Wheat

Mr. C. C. James, who has excellent

opinion of the general agricultural out-

look, advises the farmers of Canada

that they should not devote too much

of their land to the cultivation of

wheat, and to avoid devoting

themselves too exclusively to the

cultivation of wheat. No one who has

watched the fluctuations of agricultural

prices and results during the past

years will venture to question the

soundness of the advice, or doubt that

it will retain its force and value for

a long time to come.

Prior to 1900, the price of beef

was generally low and always uncer-

tain, but showed a tendency to

advance. The tendency toward

higher prices, which they now

show, is due to the fact that the

supply of cattle is not keeping

pace with the demand. The

movements of the ocean currents

and the fluctuations of the

weather have a great influence

on the supply of cattle. The

 amount of guns and heavy ar-
 tillery the British have. It
 would do your heart good to
 hear British shells go scream-
 ing over our heads on their mis-
 sion of destruction—is just back
 of the enemy's lines in front of
 us and our artillery bombard
 it with small and big shells
 every day. We can see the
 effect of their fire and, believe
 me, they are great marksmen."

"It is rather quiet in this part
 of Flanders and were it not for
 the necessity of night working
 parties to repair damage done
 during the day, there would be
 few casualties to report. When
 these parties are out between
 the trenches under cover of
 darkness, machine guns gener-
 ally open up on them and need-
 less to say, work subsides for
 the time being."

"Yesterday we watched our
 anti-aircraft guns bring down

 flame, fell close to the Hill—
 It was exciting while it lasted."
 "George Harper, Pete Living-

 two Aitken boys came to see
 us the other day. The C.M.R.'s
 are about a mile or so from us

INSTITUTE MEETING
WELL ATTENDED

A well attended and enthusi-
 astic meeting was held in the
 Town hall on Saturday after-
 noon last by the Women's In-
 stitute, many women from the
 country being present. Red
 Cross work was taken up with
 fervor, following this, a dem-
 onstration of the correct meth-
 ods of preserving chicken in
 glass jars was given by Mrs. S.
 R. Bowerman. Chicken that
 had been preserved a year ago
 was placed on reveal. The
 announcement is made that the
 Institute is still in need of more
 workers for the Red Cross.
 Full information will be gladly
 furnished in connection with
 the needs upon application to
 either Mrs. Dr. Middlemass
 or Mrs. S. R. Bowerman.

DIXIE SINGERS
PLEASED LOCAL
THEATRE AUDIENCE

Those who failed to be in at-
 tendance at the Dixie Jubilee
 Concert held in the theatre on
 Wednesday evening of last
 week, missed a musical treat.
 Composed of well seasoned
 artists, each and every one pos-
 sessing excellent vocal qualities,
 the company gave a musical
 festival that was greatly enjoyed
 by every member of an audience
 that nearly filled the theatre.

The Dixie melodies were es-
 pecially pleasing and in its ren-
 dition of these, the troop pro-
 vided its efficiency in the "songs of
 down south". Excellent soprano
 solos were given by Madame
 Backner whose quality of tone
 and range of voice gave the
 audience a taste of something
 classical. The contralto solos,
 the bass solos and other num-
 bers given were also enjoyed.
 As a whole, the concert was
 appreciated to the full extent.
 The dance which followed
 failed to bring out the atten-
 dance hoped for and although
 excellent music was furnished
 by the Wainwright Orchestra,
 the dance lacked that spirit
 which has characterized similar
 functions on previous occasions.

a very complicated situation.
 The time, however, is short, for
 the Bulgarians have been
 strongly reinforced, both in
 central and Southern Serbia,
 and, besides attempting a flank-
 ing movement against the Ser-
 bians at Babuna Pass, thereby
 threatening Prilep and Mono-

 forces to the French at Grad-

Thus far the Serbians are
 holding the Babuna Pass and
 the French their original posi-
 tion, but the pressure is neces-

 have been fighting for days
 without cessation. In the north
 the Austro-Germans, who have
 joined hands with the Bulgari-
 ans west of Nish, are moving
 slowly and steadily but doubt-
 less cautiously, owing to the
 presence of the unbeaten Mon-

 support, harassing them in the
 west.

A dispatch received last night
 from Vienna, by way of Zurich,
 says that British and Italian
 troops are endeavoring to reach

 does not say from what point
 they are coming. The Near
